Size and shape:

The shawl has the shape of a triangle and is crocheted in rows from one side to the other. You will alternate between two colors of Scheepjes Whirl without having to cut the yarn. The size of the shawl can easily be adjusted to the size you like by reducing or increasing the number of repetitions of rows 7–10.

If you use the same yarn and hook suggested in this pattern, the shawl will measure approx. 160 x 120 x 120 cm.

Abbreviations, US terms:

St(s) – stitch(es)

Ch(s) – chain(s)

Ch-sp(s) – chain space(s)

Ss – slip stitch

Sc – single crochet

Blo – back loop only

Pattern notes:

- Turn after each row.
 - Ch1 in the beg of a row does not count as a stitch.
 - Stitches between () are repeated as many times as indicated after the parenthesis.
 - Sts between { } are made in the same st or ch-sp.
 - Stitches between | | show how many stitches you should have after completing the row.
